

I. DESCRIPTION OF THE PLANNING UNIT

This chapter describes the geographic area of the plan and how the planning council members reached agreement on the composition of the management areas within the planning unit.

A. Description & Determination of the Planning Unit

In this section is a discussion of the Area Development District and its service boundary (which comprises the planning unit for the water management plan).

The Gateway Area Development District is composed of the five counties of Bath, Menifee, Montgomery, Morgan, and Rowan.

B. Water Management Areas

The discussion below relates how the council formed its water management areas and how it arrived at its decisions and provides a map showing the water management area boundaries.

The Gateway Area Water Management Council reviewed the water systems and their service areas located within the Gateway Area Development District. The Council designated the Gateway Area Development District boundary as the regional management area. Within the Gateway Region, the following water systems and their respective water management planning areas were designated by the Council:

Gateway Area Water Management Planning Areas

1. North Bath County Water Management Planning Area
 1. Sharpsburg Water District
2. City of Owingsville Water Management Planning Area
 1. City of Owingsville Water System
3. South Bath County Water Management Planning Area

1. Bath County Water District
4. Menifee County Water Management Planning Area
 1. City of Frenchburg Water System
5. Montgomery County Water Management Planning Area
 1. City of Mt. Sterling Water System
 2. City of Jeffersonville Water System
 3. Judy Water Association
 4. Levee Road Water Association
 5. Montgomery County Water District #1
 6. Reid Village Water District
6. Morgan County Water Management Planning Area
 1. City of West Liberty Water System
 2. Morgan County Water District
7. Rowan County Water Management Area
 1. Rowan Water District, Incorporated
8. City of Morehead Water Management Planning Area
 1. Morehead Utility Plant Board Water System
 2. Morehead State University Water System

C. Current Water Service Areas

The areas within the planning unit that have current water service and water suppliers and distributors serving them are shown on the map accessible via the link below.
